Courses

Beacon learners enjoy

- ☀ Engaging, timely content created by experts
- ☀ Individual feedback from real educators
- ☀ Asynchronous learning
- ☀ A 98% completion rate

Excellent Learning Experience

- Courses created by teams of experts in content, teaching, and online course design.
- Courses are updated regularly to reflect current research, evidence, and legislation.
- Course assignments require application of content.
- Facilitation provided by experienced and knowledgeable online instructors (facilitators).
- Facilitators use defined criteria to guide feedback on summative assessments.

Access to Course Content

- * Once registered in a course, participants have immediate access to course content.
- * The course content is complete...no need to purchase additional books or materials to supplement the course content.
- * Participants who complete a course retain access to the course content for three months after the section ends.
- * Every course is offered monthly —no minimum enrollment; no cancelled sections.

Budget-Friendly Forgiveness Policies

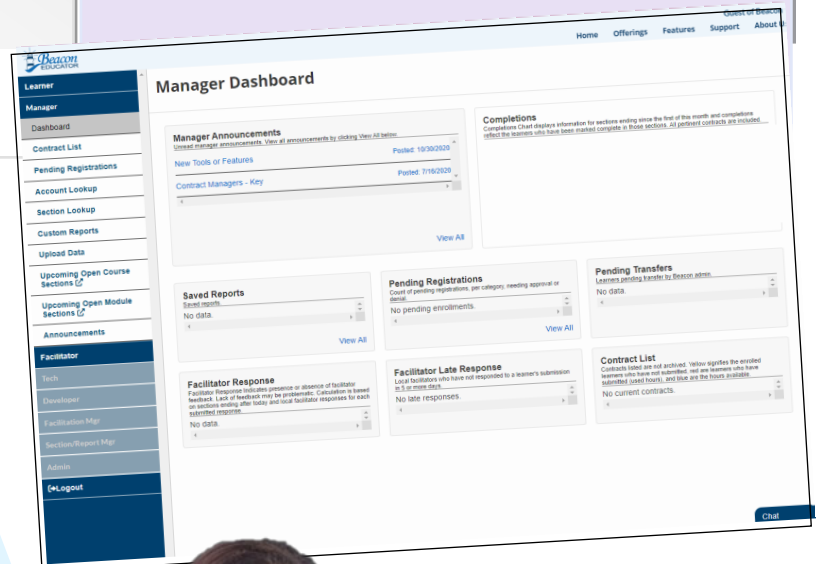

- ♦ Participants are automatically withdrawn from courses near the end of the section if they never submit an assignment to the facilitator. The released hours are then available for future use through the district contract.
- ♦ Participants who do not complete a course may be given a courtesy transfer to a later section, at no cost to the contract.

Management Tools - Default and Custom Features

- ◇ Registration pages allow participants to request courses/dates. You (or your designee) then approve requests.
- ◇ Section dates can be customized to meet district needs.
- ◇ Reports - enrollments, completions, contract status, etc., are all downloadable.

Course Content Areas

- ⇒ Autism
- ⇒ ESOL
- ⇒ Gifted
- ⇒ Mathematics
- ⇒ Professional Growth
- ⇒ Professional Learning Certification (Alt Cert)
- ⇒ Reading
- ⇒ New Teacher
- ⇒ Students with Disabilities (SWD)
